Verse

It took a minute to get back up in this bitch and now I'm in this bitch like what's up
I'm back backing through the country I might just circumnavigate the globe
I'm snacking on shit like a luncheon
Damn these was shrooms I can't even function
But now I turn up I turn up the function I turn up the I turn up the function
Yah I lock my tongue and my lips with this bitch
Don't like to punch in I'm back in this bitch
Doing hella shit that I don't like cuz I got hella racks in my pocket
I'm going to the top like I'm a rocket
I just tell her to sock it to me baby
You know that you be driving me crazy (crazy crazy)
Yah I'm like a rocket cuz I'm bout to take off straight to the top (top)
From 2 am to 2pm I don't like to this so I just do it (yah)
If it don't work out then I'm like screw it (screw it)
Got my tools with me come act a fool with me
I don't think to much Ima just do it (do it)
It's inside of me I cannot lose it (no) (yah)
Throw my hands up to the sky (yah)
Hold it in so I don't cry (unh)
I don't even gotta try nah don't got no reason to lie (unt unh)
I just like reading a lot (yah)
I go by the name of Allah (yah)
But all my friends call me Yah (yah)
And they waiting for me to drop (okay)

Drip drop tear drop any drop, hit the drop top and I might cruise
Ain't got shit left to prove
Nothing else that I can lose
But myself and my crown and my throne and the halo on top of my head
If you play with me then lil nigga you dead
